CONGRESS.GOV

- Planned release of Beta API is targeted for September 2022

- Will contain data available on Congress.gov in machine-readable format

- REST API presented in a hierarchical browse

- Goals of the Congress.gov Beta API:
  1. Protect Congress.gov users against scrapers degrading Congress.gov access
  2. Facilitate access to complete and accurate congressional data
  3. Provide a useful and extensible resource to Congress and the public

- Congress.gov will use a GitHub repository

- Please sign up to test it.
