Documentation

This experiment was built by Syed Tanveer and because it's in beta it is currently not available in the Chrome Web Store. You can read more in this blog post on the Law Library's blog *In Custodia Legis*.

To install it, follow these steps:

1. Download this zip file ☑ and open it.
2. In Chrome, enter chrome://extensions into the search bar.
3. Turn on developer mode.
4. Click 'Load unpacked extension'.
5. Select the folder created when you opened the zip file.
6. If downloaded successfully, you'll see an icon of a black box with the letter "C" appear in the tray next to your browser search bar.
